SLIGHT DISTURBANCE AT ALDERMANIC MEETING. But Considerable Business Was Transacted-Report of Sidewalk Commit

The even tenor of the usual phlegmatic meeting of the board of aldermen wa slightly disturbed Monday evening, when Mayor Dunn took occasion to hurl a reprimand at Editor D. A. Lymah at the repertorial table because he leaned forward and confidentially got the ear of Aldermen Shepard and Pomeroy. The mayor said that the gentleman might offer his criticism of proceedings through his paper, but that if he wished to take part in the affairs of the common council he must first get elected a member of that august body.

The customary routine business was summarily disposed of, and then on motior of Alderman Saepard, seconded by Alderman Case, Thomas P. Foley, an active member of Montgomery Hose company, No. 2, was elected third assistant engineer by a vote of four for and three blank.

The mayor returned without his approval the second amendment to an ordinance relating to the appointment of a superintendent of sewers, and then a resolution was adopted passing the same over his veto by a vote of four to three.

LIQUOR CASES

Come Up for Hearing in Town Court— Dangenias' Liquor Ordered Destroy-ed—No Case Against Attawaugan

There was a crowded court room Monday morning to hear what was to be said in the cases that grew out of the raid by the state police at the Attawaugan house and the place kept by Eli Dagenias, in the Evans block, on the night of April 2.

Judge Back heard the evidence. Attowney Arthur G. Bill prosecuted for the state.

The first matter taken up was the complaint against the Dagenias place. State Policeman Rudd of New London was put on the witness stand by Attorney Bill and testified that on the night of the raid he found a nearly full half pint bottle of whiskey and two glasses, which he produced as evidence at the Dagenias place. He also described the basement of the Evans block, where the search was made, and told of the number of people that were in there and of some conversation that he heard. State Policeman Jackson's testimony was corroborative of Rudd's. No other evidence was presented by the state. Dagenias did not appear, nor was he represented by counsel in the court.

When the case against S. D. Horton, proprietor of the Attawaugan house, was called, S. Cady Hutchins of Hartford appeared as claimant of the two half pint bottles of whiskey that were found in the raid at the hotel, as testified to by State Policemen Downing and Bridgman. Mr. Hutchins told the court that he had purchased the liquor at the American house in Hartford on the afternoon of Saturday, April 2, and that upon arriving in Danielson in his automobile had temporarily placed the bottles where they were found a few minutes later by the state police. Mr. Hutchins was closely questioned by Prosecutor Bill.

The weight of evidence not being in favor of the state, and in view of the fact that Mr. Hutchins told when, where and of whom he bought the liquor, Judge Back ordered the complaint dismissed and the liquor returned, the costs to be paid by the town.

The annual borough election in Dan ielson Monday was a wholly perfunc-tory affair, there being absolutely no opposition to any of the candidate opposition to any of the candidates named by the caucus of Friday evening and one ballot would have been sufficient to elect any one of them.

The tax list was 4 1-2 mills, in addition to the annual half-mill tax for the public library and the first Monday in September was fixed as the date for collection. The meeting ratified the adoption of an official borough seal, authorized the warden and court of burgesses to borrow money when possible at a lower
